16. Не инсталирайте директно в отворите, които уредът трябва да работи.
17. Не поставяйте уреда в близост до електрически машини, които са свързани с водата.
18. Не инсталирайте устройството на място, където има силни микровълни, които дим или масло.
19. Избягвайте директно слънце, когато е необходимо.
20. Почистване
 - Използвайте устройството, но не включвайте преди почистване.
 - Не спрете работата, докато не изключите уреда.
 - Почистявайте само със суха влажна.
21. Не се опитвайте сами да поправяте този продукт, тъй като отговарящо или прекалено много налягане може да причини повреда или друг вид опасност. Повдигайте, които се нуждаят от ремонт, трябва да се отпакат или квалифициран сервизен персонал.
22. Трябва внимателно да регулирате силата на звука, когато използвате слушалки, за да избегнете увреждане на ухото.
23. Сприрайте да използвате слушалки в потенциално опасни ситуации, за да не причините повреда на ухото.
24. Избягвайте да използвате слушалки по време на шофиране, тъй като те могат да причинят разсеяване.
25. Не използвайте слушалки, когато слушате при високи нива на звука. Ако усетите бързината или силата на звука в ушите си, намалете силата на звука.
26. Трябва да използвате слушалките, ако почувствате очевиден дискомфорт, дразнене или други нежелани реакции.

Опаковката трябва да бъде унищожена в съответствие със местните местни закони и разпоредби за изхвърляне на отпадъци. Като цяло и хартията трябва да се сортира като хартия, гадна за рециклиране, а пластината - като ресурс, гадна за рециклиране (потенциален ресурс за рециклиране).

Символът на зачертаната отпадна глава върху продукта означава, че продуктът отговаря на европейската директива 2012/19/EU относно отпадъци. Този символ означава, че отпадъците от този продукт трябва да бъдат изхвърляни отделно в съответствие с регулираните на бита отпадъци, които са събирани за събиране, обработка или правилното им отстраняване.

Правилно изхвърляне на стария ви уред ще помогне за намаляване на опасните отпадъци, попадащи за по-добро здраве и околната среда.

СЪВЕТИ И ПРЕДУПАВАНЕ

Използване на акустичен сигнал с мощност 720mW

Изходна мощност на звука (L/R): 245mW (10% изпреварване)
Изходна мощност: 0,57mW, 250mW/16 Ω
Акустичен сигнал (L/R): 245mW (10% изпреварване)
Честотен обхват: FM: 87-108 MHz / MW: 522-1620 kHz / LW: 153-513 kHz / SW: 2300-2950 kHz
Чувствителност: FM: (SN=30dB) ± 3µV / MW: (SN=26dB) ±1mV / LW: (SN=26dB) ±10µV / SW: (SN=26dB) ±20µV
Сензитивност: MW: ±60dB / (HSK=14) / MW / LW: ±60dB / (BW=3kHz, +9kHz) / SW: ±60dB / (BW=3kHz, +9kHz) / Врой предпазливо задръжане: 550 (100FM + 100MW + 100LW + 250SW)
Водна чувствителност: 30mV / Честотна характеристика: 300Hz ~ 4kHz
Audio S/N: FM: 49dB / MW: 52dB / LW: 49dB
Работно време: 87 х 14 х 30 минути. Нетоварно: 190g (батерии не са включени)

Поради постоянна безопасност и усъвършенстване на нашите продукти, данните и спецификациите подлежат на промяна без допълнително предупреждение.

EN SAFETY PRECAUTIONS

Thank you for purchasing RMD-77. This is your assurance of quality, performance and value. Our engineers have included many useful and convenient features in this product. Please be sure to read this instruction manual carefully to make sure you are getting the maximum benefit from each feature. This product was manufactured using the highest quality components and standards of workmanship. It was inspected by inspectors and found to be in perfect working order before it left our factory.

IMPORTANT Read these safety instructions before using your device. The safety and operating instructions should be retained for future reference.

Do not use this apparatus near water - The apparatus should not be used near water or moisture - for example, in a wet basement or near a swimming pool, and the like.

2. Put this product and its accessories somewhere out of the reach of children, to avoid danger or their inappropriate use.
3. You must use the provided power cord to connect the device, otherwise it may cause damage to the unit.
4. Only use attachments/accessories specified by the manufacturer.
5. Protect the power cord from being walked on or pinched anywhere along the plug, convenience receptacle, and at the point where they exit from the apparatus.
6. When connected the cord should always be readily accessible.
7. Unplug the apparatus during lightning storms or when unused for long periods of time.
8. Do not store near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. The device is intended for use only in a temperature range of 5°C to 40°C.
10. Should be stored or used at temperatures below 10°C (°F) or above 40°C (104°F) which may damage the unit.
11. Do not expose the unit directly to the sunlight nor heat radiation.
12. Do not expose the unit to strong magnetic or electronic interferences.
13. The unit should be installed on stable and horizontal surface.
14. Leave a clearance of at least 30 centimeters around the unit and 1 meter above for ventilation.
15. Do not place objects on top of the unit.
16. Do not touch directly into the vents when the unit is working.
17. Do not put your fingers or foreign objects into the air inlet or vent.
18. Do not install the unit in a location where there are strong odors such as smoke or perfume.

19. Replace the filter when necessary.
20. Cleaning
 - Turn Off the unit if it's On and unplug before cleaning.
 - Do not use liquid cleaners or aerosol cleaners.
 - Do not use a vacuum cleaner to clean the unit.
21. Do not attempt to repair this product yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Damages that need repair should be referred to a qualified service technician.
22. You should adjust the volume in carefully when using the headphones to avoid ear damage.
23. Avoid using headphones while driving, as they can cause distractions.
24. You should avoid prolonged listening at high volume levels. If you feel a ringing in your ears or a headache, reduce the volume.
25. Stop using the headset if you notice obvious discomfort, irritation, or other adverse reactions.

26. Stop using the headset if you notice obvious discomfort, irritation, or other adverse reactions.
27. The packaging needs to be destroyed in accordance with relevant local laws and regulations on waste disposal. Cartons and paper need to be sorted as recyclable materials and plastic film as non-recyclable materials.
28. When the crossed-over wheeled bin symbol is attached to a product, it means the product is covered by the European Directive 2012/19/EU. This symbol indicates that the product should be disposed of separately from the municipal waste stream via designated collection facilities approved by the government or the local authorities.
29. This symbol indicates that the product may contain potential negative consequences for the environment and human health.

SPECIFICATIONS
Rated voltage: 4.5 V Power consumption: 720mW
Audio output power (L/R): 245mW (10% distortion)
Speaker:
Power: 3 x 1.5V battery (AA/RR6), USB SV DC, 250mA
Frequency range: FM: 87-108 MHz / MW: 522-1620 kHz / LW: 153-513 kHz / SW: 2300-2950 kHz
Sensitivity: FM: (SN=30dB) ± 3µV / MW: (SN=26dB) ±1mV / LW: (SN=26dB) ±10µV / SW: (SN=26dB) ±20µV
Selectivity: FM: ±60dB / (HSK=14) / MW / LW: ±60dB / (BW=3kHz, +9kHz) / SW: ±60dB / (BW=3kHz, +9kHz)
Power: 550 (100FM + 100MW + 100LW + 250SW)
Output power: 225mW (FM) 202mW (AM) Input sensitivity: 30mV
Frequency response: 300Hz ~ 4kHz Audio S/N: FM: 49dB / MW: 47dB / SW: 49dB
Dimensions: 87 х 14 х 30 mm Net weight: 190g (Batteries not included)

Due to continual review and improvement of our products, design and specifications are subject to change without further notice.

BG МЕРКИ ЗА БЕЗОПАСНОСТ

Благодарим ви за закупуването на RMD-77. Това е вашата гаранция за качество, производителност и стойност. Нашите инженери са включили много полезни и удобни функции в този продукт. Моля, не забравяйте да прочетете това ръководство за инструкции напълно, за да сте сигурни, че получавате максимална полза от всяка функция. Този продукт е произведен с използване на най-висококачествените компоненти и стандарди на изработка. Той беше тестван от инспектори и открито, че е в перфектно работно състояние, преди да напусне фабриката ни.

ВАЖНО
Прочетете тези инструкции за безопасност, преди да използвате устройството си. Инструкциите за безопасност и експлоатация трябва да бъдат запазени за бъдещо справка.

1. Не използвайте този апарат близо до вода - Уредът не трябва да се използва близо до вода или влага - например в мокро място или близо до басейн.
2. Поставяйте този продукт и неговите аксесоари някъде далеч от достъпа на деца, за да избегнете опасност или неподходяща им употреба.
3. Трябва да използвате слушалки, за да избегнете увреждане на ухото, когато използвате устройството, в противен случай това може да причини повреда на ухото.

Устройството само пристига / аксесоари, посочени от производителя.

ВНИМАНИЕ
Преди да използвате устройството, не забравяйте да прочетете инструкциите за безопасност и експлоатация. Тези инструкции са предназначени за бъдеща справка.

1. Използвайте устройството, но не включвайте уреда преди да започнете работата.
2. Не спрете работата, докато не изключите уреда.
3. Почистявайте само със суха влажна кърпа.
4. Не се опитвайте сами да поправяте този продукт, тъй като отговарящо или прекалено много налягане може да причини повреда или друг вид опасност. Повдигането, което се нуждае от ремонт, трябва да се отпакетира или квалифициран сервизен персонал.
5. Трябва внимателно да регулирате силата на звука, когато използвате слушалки, за да избегнете увреждане на ухото.
6. Избягвайте да използвате слушалки по време на шофиране, тъй като те могат да причинят разсеяване.
7. Не използвайте слушалки, когато слушате при високи нива на звука. Ако усетите бързината или силата на звука в ушите си, намалете силата на звука.
8. Трябва да използвате слушалките, ако почувствате очевиден дискомфорт, дразнене или други нежелани реакции.

Опаковката трябва да бъде унищожена в съответствие със местните местни закони и разпоредби за изхвърляне на отпадъци. Като цяло и хартията трябва да се сортира като хартия, гадна за рециклиране, а пластината - като ресурс, гадна за рециклиране (потенциален ресурс за рециклиране).

Символът на зачертаната отпадна глава върху продукта означава, че продуктът отговаря на европейската директива 2012/19/EU относно отпадъци. Този символ означава, че отпадъците от този продукт трябва да бъдат изхвърляни отделно в съответствие с регулираните на бита отпадъци, които са събирани за събиране, обработка или правилното им отстраняване.

Правилно изхвърляне на стария ви уред ще помогне за намаляване на опасните отпадъци, попадащи за по-добро здраве и околната среда.

9. Елементът не е кин бегрегит по време на термеперент кипане.
10. Не поставяйте уреда в близост до електрически машини, които са свързани с водата.
11. Не инсталирайте устройството на място, където има силни микровълни, които дим или масло.
12. Избягвайте директно слънце, когато е необходимо.
20. Почистване
 - Използвайте устройството, но не включвайте преди почистване.
 - Не спрете работата, докато не изключите уреда.
 - Почистявайте само със суха влажна.
21. Не се опитвайте сами да поправяте този продукт, тъй като отговарящо или прекалено много налягане може да причини повреда или друг вид опасност. Повдигането, което се нуждае от ремонт, трябва да се отпакат или квалифициран сервизен персонал.
22. Трябва внимателно да регулирате силата на звука, когато използвате слушалки, за да избегнете увреждане на ухото.
23. Сприрайте да използвате слушалки в потенциално опасни ситуации, за да не причините повреда на ухото.
24. Избягвайте да използвате слушалки по време на шофиране, тъй като те могат да причинят разсеяване.
25. Не използвайте слушалки, когато слушате при високи нива на звука. Ако усетите бързината или силата на звука в ушите си, намалете силата на звука.
26. Трябва да използвате слушалките, ако почувствате очевиден дискомфорт, дразнене или други нежелани реакции.

Опаковката трябва да бъде унищожена в съответствие със местните местни закони и разпоредби за изхвърляне на отпадъци. Като цяло и хартията трябва да се сортира като хартия, гадна за рециклиране, а пластината - като ресурс, гадна за рециклиране (потенциален ресурс за рециклиране).

Символът на зачертаната отпадна глава върху продукта означава, че продуктът отговаря на европейската директива 2012/19/EU относно отпадъци. Този символ означава, че отпадъците от този продукт трябва да бъдат изхвърляни отделно в съответствие с регулираните на бита отпадъци, които са събирани за събиране, обработка или правилното им отстраняване.

Правилно изхвърляне на стария ви уред ще помогне за намаляване на опасните отпадъци, попадащи за по-добро здраве и околната среда.

18. Do not install the unit in a location where there are strong odors such as smoke or perfume.

19. Replace the filter when necessary.
20. Cleaning
 - Turn Off the unit if it's On and unplug before cleaning.
 - Do not use liquid cleaners or aerosol cleaners.
 - Do not use a vacuum cleaner to clean the unit.
21. Do not attempt to repair this product yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Damages that need repair should be referred to a qualified service technician.
22. You should adjust the volume in carefully when using the headphones to avoid ear damage.
23. Avoid using headphones while driving, as they can cause distractions.
24. You should avoid prolonged listening at high volume levels. If you feel a ringing in your ears or a headache, reduce the volume.
25. Stop using the headset if you notice obvious discomfort, irritation, or other adverse reactions.

Due to continual review and improvement of our products, design and specifications are subject to change without further notice.

JA 安全上の注意

Thank you for purchasing RMD-77. This is your assurance of quality, performance and value. Our engineers have included many useful and convenient features in this product. Please be sure to read this instruction manual carefully to make sure you are getting the maximum benefit from each feature. This product was manufactured using the highest quality components and standards of workmanship. It was inspected by inspectors and found to be in perfect working order before it left our factory.

IMPORTANT Read these safety instructions before using your device. The safety and operating instructions should be retained for future reference.

Do not use this apparatus near water - The apparatus should not be used near water or moisture - for example, in a wet basement or near a swimming pool, and the like.

2. Put this product and its accessories somewhere out of the reach of children, to avoid danger or their inappropriate use.
3. You must use the provided power cord to connect the device, otherwise it may cause damage to the unit.
4. Only use attachments/accessories specified by the manufacturer.
5. Protect the power cord from being walked on or pinched anywhere along the plug, convenience receptacle, and at the point where they exit from the apparatus.
6. When connected the cord should always be readily accessible.
7. Unplug the apparatus during lightning storms or when unused for long periods of time.
8. Do not store near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. The device is intended for use only in a temperature range of 5°C to 40°C.
10. Should be stored or used at temperatures below 10°C (°F) or above 40°C (104°F) which may damage the unit.
11. Do not expose the unit directly to the sunlight nor heat radiation.
12. Do not expose the unit to strong magnetic or electronic interferences.
13. The unit should be installed on stable and horizontal surface.
14. Leave a clearance of at least 30 centimeters around the unit and 1 meter above for ventilation.
15. Do not place objects on top of the unit.
16. Do not touch directly into the vents when the unit is working.
17. Do not put your fingers or foreign objects into the air inlet or vent.
18. Do not install the unit in a location where there are strong odors such as smoke or perfume.

19. Replace the filter when necessary.
20. Cleaning
 - Turn Off the unit if it's On and unplug before cleaning.
 - Do not use liquid cleaners or aerosol cleaners.
 - Do not use a vacuum cleaner to clean the unit.
21. Do not attempt to repair this product yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Damages that need repair should be referred to a qualified service technician.
